County Update

We have formally sent a letter to the BDO stating that we would not be members next season and we did state in the letter that we would like out £800 back. It is very unlikely that we will see this money.

We are now members of the UKDA, who should be sending out a welcome pack this week. We do not have any idea of when the season will start yet.

Super League Finance

We currently have £708 outstanding, Corby Irish and Irchaster paid just before the AGM. The Argyll is sorting out they outstanding amount.

We have three teams, RTM, Warriors and Rothwell who are £20 in credit for the next season.

Super League Update

We currently cannot give a start date or know how many teams we will have due to covid 19. Once we are given the ok from the government that we can play darts again Angela will get fixture etc out as soon as possible.

Correspondence

Letter from M/H Warrior regarding transfer of Players

The rule we have in place is to stay the same.

It was agreed that the following suggestions from the committee, would be put in place for the next season;

Gail fullthorpe was voting in an honorary member of Northamptonshire County.

The player of the weekend award is now going to be called the Curly Connelly award

AOB

Dave Barrow – please be careful what you put on social media as you all represent Northamptonshire all the time.

Dave Vanderson – suggested a captain's meeting once a month but the rest of the teams felt it was not needed.

During the discussion for the captain's meeting the subject of cancelled games came up and the rule for cancelled games is to be changed to the following

We are to remove the part of the rule that states if a team have 4 men and 2 ladies the game can still be played and each team can now cancel one game per season and any further games will be at the committees discretion.

Duane Small asked Angela to put the following forward

All the committee should attend both days at county games, especially at home as there is not many players that attend both days every game, it is all the extra support for the team and the committee should not miss a day without a genuine reason

It was felt that most of the time the committee attend both days, Jason has to work some weekends

The Committee are hoping to hold a presentation night at Christmas time, this will depend on government guidelines.
